

EL JOHN BONGA

0963 948 3793 | bongaeljohn07@gmail.com | github.com/eljohn316 | eljohnbonga.vercel.app

OBJECTIVE

Aspiring web developer with a passion for creating intuitive and efficient web applications. Seeking a full time opportunity to contribute my technical skills and gain practical experience in a dynamic team environment.

RELEVANT PROJECTS

Savory Point | Next.js, TailwindCSS, Prisma, PostgreSQL

[Source code](#) | [Live demo](#)

- Developed a full-stack recipe-sharing platform using Next.js, TailwindCSS, Prisma ORM and PostgreSQL.
- Implemented CRUD operations for recipes, allowing users to create, update, and delete their posts and built user authentication and profile management (photo upload, profile management and account deletion).
- Modern UI/UX with responsive design (TailwindCSS) and form validation for smooth user interactions.

Product Request App | React, TanStack Router & Query, Express, Prisma, PostgreSQL

[Source code](#) | [Live demo](#)

- Developed a full-stack product request feedback application using Express for the backend and React for the frontend.
- Implemented key features including CRUD operations, upvoting, and commenting.
- Used TanStack Router for routing and TanStack Query for efficient asynchronous state management.

Invoice App | Next.js, TailwindCSS, SWR, GraphQL, Prisma, PostgreSQL

[Source code](#) | [Live demo](#)

- Developed an invoice management system supporting creation, editing, deletion, and filtering of invoices.
- Integrated GraphQL for efficient API requests and Vercel's SWR for data fetching/caching.
- Used Prisma with PostgreSQL for structured data storage and retrieval.

EDUCATION:

2015 – 2020 | Mindanao State University – Iligan Institute of Technology

Bachelor of Science in Computer Science (Unfinished, 4th Year standing)

TECHNICAL SKILLS:

Frontend: HTML, CSS, JavaScript, TypeScript

Frameworks: React, Next, TailwindCSS, Express, Node.js

Developer Tools: Git, VS Code
